

Alert: Sunfed LLC has initiated a recall on Slicing Cucumbers

To Our Valued Customer Partners,

This is to advise you that Pacific Coast Fresh Company is conducting a supplier recall on the behalf of Sunfed LLC.

Sunfed LLC initiated a voluntary recall of conventional slicing cucumbers grown and packed by Agrotato, one of SunFed's growers. This is out of an abundance of caution after being contacted by the FDA of triangulated illnesses, citing possible salmonella contamination.

Any customer who received this product will be contacted by Pacific Coast Fresh Company and instructed to destroy the product.

Additional details will be updated as they become available.

Best Regards,

David Doble
