

Alert: Church Brothers Farms Recall Green Onions Due to Possible Health Risk

To Our Valued Customer Partners,

This is to advise you that Pacific Coast Fresh Company is **NOT** involved with the recent Church Brothers Recall on Green Onions. Please see the links and QR Code below for additional recall information.

Church Brothers, LLC (“Church Brothers Farms”) is voluntarily recalling 1271 cases of green onions because of the potential to be contaminated with *Salmonella*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea, nausea, vomiting and abdominal pain.

Distribution was limited to a small number of retail and foodservice customers in Canada and USA (Alabama, California, Connecticut, Florida, Georgia, Illinois, New York, Oklahoma, Pennsylvania, Tennessee, Virginia). Church Brothers Farms has notified these customers and is working with them to ensure rapid compliance with the recall.
